Dear Sir;

About two years ago we bought a number of coins from Carlton S. Coon of the Peabody Museum of Cambridge, Mass.

We would be very much pleased to have you send us Mohammedan coins found in Southern Arabia. We understand that you have these coins come into your place often.

We do not care for European or other coins, simply Mohammedan. We would be especially pleased to have any hoards or finds that you may have.

Very truly yours,

Curator
